Internship

BrandenBed Living Spaces UG | Berlin, Germany **12/2025 – 1/2026**

- Contributed to technology and operational workflows for a Germany-based interior and living spaces startup.
- Supported digital initiatives aligned with business operations and marketing functions.
- Demonstrated strong adaptability, professional communication, and quick learning in a startup setting.

Webmaken - Developer and problem solver | India **1/2025 – 6/2026**

- Integrated and synchronized diamond inventory data from Brilliant Earth and Ritani.
- Implemented real-time restaurant order printing using **escpos-php** and Windows Print Connector.
- Designed REST APIs powering dynamic calendar and festival data for a **Jain Panchang web and mobile app**.

Projects

ResMind | AI Resume Analyser | Link

- Built a full-stack AI-powered resume analysis platform that evaluates resumes against job descriptions and generates ATS-style match scores.
- Implemented PDF-to-image rendering for seamless resume preview and comparison.
- Designed a scalable, serverless architecture and deployed the application using **cloud-based** platforms.

Prepwise | Real-Time AI Voice Agent | Link

- Developed an AI-powered real-time voice agent to simulate interview scenarios and provide instant feedback.
- Integrated AI APIs to generate context-aware interview questions and responses.
- Implemented authentication and data management using **Firebase**.

SIES Library | College Library Website| Link

- Revamped the official college library website with a modern, responsive UI for over **500+ students**.
- Implemented features including resource downloads, announcements, and library information.

AI Cyber Law Assistant | Legal Awareness Chatbot | Link

- Built an AI-powered chatbot to provide accessible information on Indian cyber laws through natural language queries.
- Implemented secure **OAuth-based authentication** and community features.
- Designed a clean, responsive interface using Tailwind CSS and deployed on cloud platforms.

Education

B.E – Computer Engineering

SIES School Of Technology, Mumbai | 2022–2026 | CGPA: 6.55

Certifications

Oracle Cloud Infrastructure 2024 Generative AI Certified Professional 26 July 2026
